

Isca Barum
insurance brokers

**Tailored insurance solutions
for smallholdings and farms**

Personal. Professional. Independent.

Our approach

We are committed to achieving the best possible solution for all our smallholding, farming, commercial and personal insurance clients, whilst reducing costs wherever possible.

To do this, we use a process underpinned by five key principles:

1. Get to know you and build a detailed understanding of your requirements.
2. Accurately identify your precise current and future insurance needs.
3. Find the best solutions for you, by using our experience, expertise and knowledge of the insurance market.
4. Continue to support you throughout the year, not just at renewal, with a high level of customer service.
5. Make the process of managing claims simple and hassle-free by handling all aspects of a claim on your behalf.

National broker backing. Local broker attitude.

b Welcome to Isca Barum

Isca Barum Insurance Brokers Ltd is a dynamic and independent business which has grown substantially in recent years.

We have a highly professional and motivated team with over 40 years' experience in providing insurance solutions to smallholdings, farms, companies and individuals.

Our success is due solely to the quality of our people. We all share a passion for providing clients with the highest possible level of personal service, and only employ experienced individuals who demonstrate the same dedicated approach.

Clients tell us that it is this focus on experience, expertise and service that makes us stand out from the crowd. It is the reason we regularly receive referrals from satisfied customers.

b Insurance for Smallholdings and Larger Farms

Whether you have a smallholding with a few animals, or a more complex agricultural business, you need to have specialist advice on the right farm insurance for you. At Isca Barum we can provide that advice through our knowledgeable and experienced team.

We use specialist farm insurers to ensure that you have the right solutions for you as a smallholder, or as a larger farm – and at competitive rates, together with a high level of personal service.

Your focus is on farming, not on concerns about risk! We understand that you have busy lives and need to have specialist cover from a company that appreciates your particular requirements and can help protect your future and your livelihood. And in the event that you need to make a claim our experienced claims team are here to help. We will liaise with you and your insurers throughout the entire process.

b Key Covers for Smallholdings and Farms

- Employer's liability
- Landowner's liability
- Livestock cover
- Property insurance
(including agricultural buildings, machinery, feed, fuel and produce)
- Public and product liability
- Vehicle insurance (including tractors, combine harvesters, etc.)

We can also provide quotations for additional liability cover required for attendance at farmers' markets, DIY livery facilities, bed & breakfasts and occasional educational visits, etc.

Making the right choice

Isca Barum Insurance Brokers Ltd is committed to providing independent advice that is concise, transparent and unbiased. Our approach involves fully understanding your requirements before developing a bespoke insurance programme that provides total protection for your commercial or personal needs.

We understand that changing your insurance adviser or insurer is a difficult decision and not to be taken lightly. We encourage smallholders, farmers, business owners and individuals to talk to us about their particular circumstances without obligation and in the strictest confidence, to find out why we and our clients believe we are the first choice for professional insurance solutions.

To find out more, please telephone or email us.
